DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 6

ADA, OKLAHOMA, TUESDAY EVENING, MAY 11, 1909

NUMBER 38

## EAST SIDE LOCATION SELECTED AS A NORMAL SITE

SHOWN ALL THE OFFERED LOCATIONS AND FAVORABLY IMPRESSED WITH ADA.

### MEETING AT CLUB ROOMS

Citizens and Visitors Discuss Ada Normal and Its Flattering Prospects.

When the news came yesterday that the Board of Regents would arrive from Durant on the afternoon Katy, preparations were begun by interested citizens to afford the party of the board proper conveniences for the transaction of the business in which it was employed, that of selecting a site for the State Normal.

The gentlemen of the Board were in succession conducted to the several sites held in readiness for donation for school purposes. When they had concluded their observation of the sites, they were driven to the OK Portland Cement industry and there shown through the plant by President Beck and Superintendent Whitaker. The party returning to the hotel at seven o'clock and a session of the Board was not held until after supper. At 8 o'clock or there around the board went into executive consideration of the normal site selection. When they had been in session some time, during which many citizens occupied the lobby waiting to hear the result of decision, word was had that further general conversation was invited by the board from citizens of the city in reference to the best selection of location and immediately the company of local citizen accessible with the gentlemen of the board of regents repaired to the 25,000 club rooms. There were several speeches by Ada citizens argumentative of why the particular locations favored by each should be selected.

The last half of this impromptu meeting which had grown to fair attendance was devoted to hearing splendid talks by Honorables E. D. Cameron and W. W. Hastings. What each of these state characters and

important official's statements indicative and impressive of the friendliness of their regard for the city of Ada and the state normal located therein will ever remain cherished by the body of citizens present.

Honorables J. A. Menefee and J. B. Mosley were as emphatic and convincing in their statements and actions evidencing "the friendship that lives" for the town of Ada and the perpetuity in magnitude of the East Central Normal, but they refrained from being persuaded to speak before the public.

#### Normal Site Selected.

The State Board of Normal Regents, the Honorables E. D. Cameron, James A. Menefee, W. T. Hastings and J. B. Mosley went into executive session at the parlors of the Harris hotel this morning at 9 o'clock in the final consideration of the site they would select as the location for the East Central State Normal.

After brief conference the Board of Regents appeared in the hotel lobby where there were assembled several interested citizens and afforded the information that decision had been reached, all members concurring, to construct the normal school property at the Main street elevation on the East.

#### THE SCRIBNER MURDER.

Bill Stix on Bond With No Further Evidence Than Was Given Yesterday.

Further than the fact that the blood hounds made a swift and sure trail and that Bill Stix was captured and placed in jail, as stated in yesterday's News, there are no new developments as to his guilt or innocence, as far as we have been able to ascertain. Stix is a full blood Indian and the father of Mrs. Scribner who was assassinated Sunday night. There are several theories as to why he might have committed the crime but none which we care to relate unless possession of facts would justify us in doing so.

Sure it is that this was a foul and damnable deed, whoever committed it or whatever the motive might have been, and the officers should diligently search for the facts and ascertain the guilty party if possible.

Stix was released today on a \$2,500 bond.

## GOVERNOR HASKELL ISSUES STATEMENT

TALKS ABOUT HIS CONNECTION WITH ALLEGED MOTT CASES.

Hundreds of People Involved While Only Seven Are Being Prosecuted.

Guthrie, Ok., May 10.—Gov. Charles N. Haskell issued a statement today respecting his connection with the so-called Mott civil land suits and the action of Federal Judge Campbell, who, at Muskogee, on Saturday last overruled a motion of the defendant.

The decision, the Governor says, was in the cases brought by the government to recover additional monies for town lots in Muskogee and several other Creek Nation towns.

"Judge Campbell's decision," says the statement given out, "merely overrules the defendants' demurrer to the government's petition which was principally a question of the jurisdiction of the court to hear these suits at the instance of the interior department and after overruling the demurrer, the Court gave the defendants permission to answer putting the facts alleged in the government's petition on issue for future trial. In the civil cases the government alleges that there was a conspiracy between the owners and schedulers of the lots and that the Creek Nation and the government officers had no knowledge of the plans of scheduling. The investigation of the criminal cases disclosed the fact that the United States officials not only had knowledge, but approved the plan and the decision has no bearing on the criminal prosecutions.

"The suits included other Creek Nation towns as well as Muskogee. Three thousand acres of Muskogee townsites, as indicated, could not be involved, because the government townsite only contained 2,500 acres, the total area of which fully four-fifths had been scheduled to the owners of improvements thereon, and the government does not question such scheduling. Less than one-fifth of the town plat was pasture lots and cultivated fields, without improvements, and it is a part of this one-fifth only that the government now questions.

"The total valuation on all unimproved lands so platted by the government was less than \$50,000.

"The government's complaint does not extend over more than half of the unimproved platted land and is to the effect that the whole valuation instead of one-half thereof, should have been realized by the government, so that in no event does the government, complain of the loss of more than \$25,000.

"These complaints in the civil case involve over one hundred people in Muskogee alone, but the government has seen fit to seek indictments only against Gov. Haskell and six other associates.

"The government claims that Gov. Haskell is an official of a corporation that secured a small portion of the above unimproved lots, the government valuation of which was less than \$3,500, so that the real government complaint against the corporation that Gov. Haskell was connected with, in dollars and cents, is less than \$1,750 and Gov. Haskell's interest as a stockholder in said corporation was claimed to be about 2 per cent.

"The above correction is the strongest statement that can be made against these defendants from the government's claims, based on its final records and the defendants allege they will be able to show that the government has no cause for complaint."

#### Council Proceedings.

At an adjourned regular meeting of the city council Monday evening May 10th, the following members were present: Mayor Little, Chapman Hill, Hope, Shirley, West, Crowder, Evans; absent Sims.

The following accounts were allowed and ordered paid on a motion by Hill, seconded by Hope, J. L. Rawls, \$25.00; J. H. Cantwell, \$18.00; R. E. Haynes, \$6.17; J. K. Hendrix, \$27.50; M. D. Timberlake, \$10.00.

A resolution ordering sidewalks put down on both sides of Main street between Broadway avenue and Oak avenue, was passed on a motion of Hope, seconded by Hill.

Hope introduced and had read ordinance No. 180 vacating and closing a part of 9th street between Townsend and Stockton avenues and blocks 76 and 85. By the following vote, the rules were suspended and the ordinance passed to its second reading on a motion by Hope, seconded by Hill: Ayes, Chapman, Hill.

## CLOTHING

is a much advertised merchandise

There are really few people (not in the clothing business) competent to judge clothing, materials. We are clothiers and judges of materials; if you place your confidence in us you are sure of getting what we represent to you.

### SUITS \$12.50

We are showing a big variety of suits in all the latest fabrics and colors made with fancy cuffs and pocket effects; Blue and Gray Serges, Tan and Green and Olives and fancy worsteds in two piece or three piece, suits in all sizes at 12.50

They can't be equalled for less than \$15.00.

We are anxious to show you our better goods made by Hart, Schaffner & Marx for us.

Come and ask to see the \$20.00 and \$22.50 Suits—they are equal to any tailored Suit at \$30.00.

## I. HARRIS

"Specialist in good clothes for men and young men"

## Alabastine

The Sanitary Wall Coating

### "THE TINT THAT WON'T RUB OFF"

Made by mixing with cold water and is easily applied with brush, anybody can put it on your walls.

We are always glad to show color combinations and give other information desired. It is cheaper than wall paper and looks much better and lasts longer. Let us tell you about it!

PHONE NO. 6 Ramsey's DRUG STORE

Hope, Shirley, West, Crowder, Evans; Noes, none; absent, Sims.

After the ordinance was read the second time, Hill moved the passage of the ordinance and Hope seconded the motion. Carried as follows: Ayes, Chapman, Hill, Hope, West, Shirley, Crowder, Evans; Noes, none; absent Sims. Whereupon the mayor declared the ordinance duly passed.

Bids for the lumber sheds on the Dascomb-Daniels Lumber Company's lots were opened. A. K. Thornton's bid of \$187.17 being the highest was accepted on a motion by Hope, seconded by Hill, by the following vote: Ayes, Chapman, Hill, Hope, West, Crowder; Noes, Shirley, Evans; absent, Sims.

Dr. Ligon was then elected city physician, receiving four votes and Dr. McMillan three. Mayor Little appointed Dr. Ligon and the appointment was confirmed.

Hope moved and Hill seconded that Mr. Walker be asked to ascertain cost of repairing telephone line to reservoir and report to council at next meeting. Carried.

City clerk was instructed to draw warrant on water extension fund for \$300.00 to apply on repairing dam at reservoir, on a motion by Hope, seconded by Hill.

The city attorney was instructed to represent the city in the case of B. C. King vs. the City of Ada in justice court.

## It Makes No Difference

Entered as Second Class matter, March 26, 1904, at the Postoffice at Ada, Oklahoma, under the Act of Congress of March 3, 1879

## FEW FRAIL REMARKS.

Those citizens of Ada who would have preferred some other than the east side location for the Normal were as sincere in their regard for the more favorable location as those interested on the east side were sincere in their view.

The nature of such contests under such situation is as inevitable as regrettable.

The Evening News values its friends and patrons on all sides and feels distinctly sympathetic with the disappointments of any of them and it would wish if it were not like wishing that we had a million dollars, that the normal school could be switched about in regular turn from year to year to each of the sites, offered.

## MADILL OIL FIELDS.

Professor Gould, of Norman, Expects Great Things From These Fields.

Norman, Okla., May 10.—Professor Gould, who recently visited the Madill oil field, says that he is not going to be surprised if this develops into one of the largest fields of the state. It is within the area in which he has long predicted that oil will be found, and he expects to see the present limits of the field extended to a considerable distance from Madill.

"The Madill field is peculiar," said Prof. Gould, "in that there are no surface indications which will aid a geologist in locating oil. There are certain localities in Oklahoma where the surface indications lead one to believe that oil or gas will eventually be found. This is true for instance of the Bartlesville field and the Glenn Pool field. There are other localities where the surface indications point to the conclusion that nothing will be found. This is true of the red beds country of western Oklahoma. There are other regions where the surface indications are negative, that is there are no indications, good or bad, which will aid a geologist. This is the condition at Madill. There is no means of determining where oil will be found or indeed whether it will be found at all. In other words the Madill field is strictly a wild-cat proposition.

"Judging from present indications, however, the field looks very promising. The oil is of very high grade, the best so far found in the state, if I am correctly informed.

"The wells are only about 500 feet deep while farther north vary from 1200 to 1800 feet in depth. There is no other fuel anywhere in the Madill region.

"The discovery of what seems to be very large deposits of high grade oil will give an impetus to the development of manufacturing industries in the region. I am expecting that the area of the field will be greatly increased."

## Dr. Browall.

Dr. H. Browall, who contracted blood poison in the right hand while performing an operation a few days ago, was taken to Sherman, Texas, last evening and placed in the hospital where he was operated on early this morning by Dr. Neathery. The report was current here this morning that the doctor's arm had been amputated, but happily this was not necessary. The hand was simply operated on and the poison removed, and reports from there today are to the effect that the doctor is in a very favorable condition and will recover without serious consequences.

## Notice to Warrant Holders.

All parties holding warrants issued by the Board of Education of the City of Ada, Oklahoma, from registered number 427 to 628 inclusive, also registered numbers 406 to 426 are requested to deliver them to me for cancellation and payment out of refunding bond issue.

W. D. HAYS, Treasurer.

## GRAND JURY ON MUSKOGEE CASES

REINVESTIGATE THE CHARGES AGAINST HASKELL, ET AL.

Eleven of the Special Grand Jury Were Selected Yesterday.

Tulsa, Ok., May 10.—Eleven of the special Federal Grand Jury of sixteen men impaneled from the old Western District of Indian Territory to reinvestigate the cases against Gov. Haskell and others, charged with town lot frauds in Muskogee, were selected today. They are as follows: C. F. Lawson, R. P. Gilliland, Fort Gibson; ex-Mayor Frank Hubbard, Muskogee; W. P. Cunningham, Weleetka; J. P. Ford, Hulbert; G. W. Thompson, Fort Gibson; A. L. Rogers, Fort Gibson; J. T. Cooper, Whitfield; John E. Bruin, Bristow; J. A. Todd, Muskogee; J. McPherson, Warner.

Three of the grand jurors were excused because of disqualifications, one was sick and one could not attend. What is said to be an entirely new departure in the organization of Grand Juries, was Judge Marshall's extended to the counsel for the defense, the privilege of participating in the selection of grand jurors, but they declined to take advantage of it.

Judge Marshall ordered eight additional talesmen impaneled, then briefly instructed the unorganized Grand Jury and adjourned until 2 o'clock tomorrow, when the special panel is to report. The Grand Jury, in all probability, will not be completed until Wednesday, and the government is hopeful of beginning the introduction of testimony Thursday.

The investigation will be a long-drawn out, consuming two weeks if not longer. One hundred witnesses will be called, many of whom will come from Hastings, Mich. Gov. Haskell was in the court room today.

District Attorney Gregg entered a motion today for the appointment of J. F. Gaskell of Muskogee as a special United States attorney. Gaskell is a stenographer, as well as a lawyer, and the government wants him to make a complete record of the forthcoming proceedings. His presence in the Grand jury room at the first investigation of these cases was one of the grounds of attack set up by the defense in the motion to quash indictments last month.

## REQUIRE NEW CERTIFICATES.

Six Thousand Public School Teachers Affected by New Ruling.

Guthrie, Ok., May 10.—At least 6,000 Oklahoma school teachers, according to the estimate made at the State Superintendent's office today are required to take examinations for new certificates by rulings of Attorney General West, that, under the law passed in 1908, no teacher shall be employed in the public schools of the state after July 1, 1909, whose certificate does not include agriculture and the kindred subjects, horticulture, animal industry, forestry, building common roads, domestic science and elements of economics.

The attorney general holds that persons holding life certificates, the graduates of the state normal schools and those having certificates good for a number of years, are not exempt from the operation of this law.

The Attorney General asked for more facts before rendering an opinion on the necessity of those having certificates taking the examination in music, drawing and Oklahoma history. The textbook commission in planning the course of study included these subjects, and takes the position that the teachers must have these subjects included in their certificates before they can be employed.

The sixteen piers for the extension of the stone tracks are now completed and are now ready for the steel to be laid. These 16 piers are made out of re-enforced concrete.

## A Special Message.

Washington, May 10.—President Taft today sent to congress a special message recommending legislation at the present extra session, amending the Foraker act under which Porto Rico is governed. The president directs the attention of congress affairs on the island laying particular stress on what he terms "a situation of unusual gravity" developed through the failure of the legislature assembly of Porto Rico to pass the usual appropriation bills leaving the island without support after June 30, next.

"Porto Ricans have forgotten the generosity of the United States," the president says, "in the desire of the island's political leaders for power," and he adds that "the present situation indicates that United States has gone too fast in the extension of political power to the Porto Ricans." He concludes that the absolute power of appropriation should be taken away from "those who have shown themselves too irresponsible to enjoy it."

## FEDERATION OF WOMEN'S CLUBS

FIRST ANNUAL MEETING OF THE FOURTH DISTRICT IN SESSION.

### ADA HONORED BY THE LADIES

Many Ladies Prominent in the Ranks of Oklahoma Clubdom Participate in Meet.

Ada is proud to have the distinction of entertaining today and tomorrow the Fourth District Oklahoma State Federation of Women's Clubs. This is the first annual meeting of the Fourth District and many lady visitors are in attendance. The meeting was held here by invitation of the Twentieth Century and Sorosis Clubs of this city and elaborate arrangements for their entertainment has been made by members of the local clubs.

On yesterday the M. E. church, where the meetings will be held and the programs carried out, was elegantly decorated with evergreens and everything arranged for the comfort of those attending their sessions. A reception will be held in the parlors of the church from 10 to 11 o'clock tonight to the delegates, visiting club women and state officers.

Program sessions will be held this evening, tomorrow morning, tomorrow afternoon and tomorrow evening. On Thursday morning a drive over the city at 8:30 and tea at the home of Mrs. R. S. Tobin on 17th street will be the closing features of the occasion. A complete program appears in another column.

Everybody is invited to attend these exercises.

Mrs. Tom Hope, an unselish, untiring public worker, capable in Club, Home and Church, is well known and admired by all of the Oklahoma Club women, especially beloved in Ada where she has resided nearly nine years. Her Club life has been prominent, always being on the most important standing committees. In the I. T. Federation she has been treasurer and at present holds the office of President of the Fourth District. She will preside at the meeting tonight.

### Mrs. Shanafelt Entertains.

Mrs. Shanafelt entertained her pupils at the home of Mrs. B. A. Mason last evening complimentary to Mrs. J. W. McClendon who sang several numbers to the pupils and invited guests.

Elizabeth Ingram, Marguerite Wimbish, Maurine Truitt, Leone Steed and Isadore Rosenfield gave piano numbers. Leona Chauncey and Lucille Lee gave readings from Riley.

Mrs. McClendon will sing both Tuesday and Wednesday nights for the Federation in the M. E. church.

MRS. D. A. McDOUGAL.

Mrs. D. A. McDougal, former President of the I. T. Federation of Women's Clubs and now Vice-President at large of the State Federation is in attendance at the District meeting now being held in Ada. She has had wide experience as a Club Worker and probably better known than any other woman on the East Side. She is a writer of recognized ability of short stories for magazines and club articles. Mrs. McDougal will address the Assembly at the church this evening on the "Ideal Club." No one should fail to attend and hear this talk.

### Mr. Mills to Muskogee.

Hon. S. A. Mills, until lately district Indian agent for the Atoka district in which this county is included, having been promoted to a higher branch of the service of the department of the interior has removed the headquarters of his duties to Muskogee. It is thought that Col. Mills deserves and maintains the friendship of the citizens of this district.

Mr. William A. Reynolds of Atoka, succeeds to this district's commissionership and is in the city at present.

All kinds of legal blanks for sale at the News office.

### Notes for the Club Meet.

Mrs. Tom Hope entertained the Executive Board of the Oklahoma State Federation with a six o'clock dinner this evening.

Mrs. John Threadgill of Oklahoma City, president of the entire state of Oklahoma Federation will be in Ada tonight, although she was delayed in coming a few hours.

Mrs. C. E. Wilcox of Lebanon, once president of the I. T. Federation and now honorary president of Oklahoma State Federation will speak tonight.

Mrs. D. A. McDougal of Sapulpa, Mrs. Chas. Hume of Anadarko, Mrs. John Threadgill, Oklahoma City and Mrs. H. M. Furman of Guthrie will be house guests of Mrs. Tom Hope during the Oklahoma State Federation.

### New Brick for Main.

Mr. J. W. Wright is having removed from his business lot on Main street the old frame building which has weathered the storm for so many years. On this lot Mr. Wright will commence immediately the construction of a brick building 25x140 feet. Architect Keen has the contract.

## SOME REASONS WHY IT PAYS

THE FARMER TO HAVE A TELEPHONE

The dollars saved keeping in touch with the markets will pay the price many fold.

In case of an emergency when a doctor or neighbor is needed, life or property may be saved.

The telephone has done away with the old time isolation that handicapped social life in the country and drove young people to the city.

It is then a saver of life, money and property and is a pleasure to all the family. For information regarding rates and manner of securing the service consult with your nearest local manager.

An Ordinance Vacating and closing a Part of Ninth Street of the City of Ada, From the West Line of Townsend Avenue to the East Line of Stockton Avenue, Between Blocks Nos. 76 and 85.

WHEREAS, on the 14th day of June, 1901, by legal and proper proceedings the Board of Mayor and Aldermen of the Incorporated Town of Ada, in regular session assembled, by a unanimous vote, closed, vacated and condemned that portion of 9th street of said town lying between the west side of Townsend Avenue and the east side of Stockton Avenue of said town, and between blocks 76 and 85; and

WHEREAS, the object and purpose in closing said part of said street was to provide sufficient ground for the location and erection of the plant of the Ada Cotton Oil Company thereon and upon the property adjoining; and

WHEREAS, in consideration of the closing of said part of said street, the said Ada Cotton Oil Company did locate and erect its plant at said point, after and because said part of said street was closed and vacated for its occupancy and use; and

WHEREAS, by inadvertence and omission of the Recorder of the then Incorporated Town of Ada, Indian Territory, said action of the said Board of the Mayor and Aldermen was not fully made of record in the Minute, or other records of said Board; and

WHEREAS, after the said action of the said Board in closing said portion of said Street, the said Ada Cotton Oil Company, for the benefit of which said portion of said 9th street was closed, erected and has since maintained permanent and valuable improvements upon said portion of said 9th street, and cannot without serious and irreparable loss remove the same therefrom.

Now Therefore, Be It Ordained by the Mayor and the Councilmen of the City of Ada, Oklahoma:

Section 1. That that portion of 9th street of the City of Ada, Oklahoma, lying between the west line of Townsend Avenue, and the east line of Stockton Avenue, and between Blocks Nos. 76 and 85, of said city, as shown by the plat thereof, be, and the same is hereby vacated, closed and condemned.

Section 2. That the Ada Cotton Oil Company be, and the same is hereby given the exclusive right to use that portion of said 9th street herein condemned, and sought and attempted to have been condemned as set out in the preamble hereof, for the purpose of erecting and maintaining its seed houses, warehouses and offices, or for such other purposes as may be necessary for the proper conduct of its business; Provided that said Ada Cotton Oil Company shall not sell any portion of said street so condemned, and provided further, that whenever said Ada Cotton Oil Company or its successors shall cease to exist, or shall cease finally to operate its plant in said city, then said portion of said street shall revert to the City of Ada, Oklahoma.

Section 3. That all Ordinances or parts of Ordinances or resolutions in conflict herewith are hereby repealed.

Section 4. That this Ordinance shall go into full force and effect from and after 30 days from its passage and approval, and after its publication as required by law.

Passed and approved this 10 day of May, A. D., 1909.

(Seal) L. J. LITTLE, Mayor  
Attest: W. B. JONES, City Clerk.  
(Published May 11, 1909.)

#### MAY MODIFY ALL LAWS.

#### Interior Department Assistant Is Coming to Oklahoma.

Washington, May 10.—The department of the interior is considering remodeling the oil pipe line regulations in Oklahoma to eliminate the feature which now provides that pipe lines shall be common carriers, and shall own no production of oil themselves, and which authorizes the secretary of the interior to take charge of pipe line companies, if they violate the regulations.

This will result in a visit of assistant secretary Frank Pierce to Oklahoma. Commissioner J. George Wright of Muskogee is here in conference with secretary Ballinger.

#### Grand Jury Room.

The busiest looking place around the court house just now is the grand jury room. Crowds are omnipresent at the front door and witnesses seem to be in abundance. Just what they are doing is of course secret, but their quarters have the air of business.

9:30 Tea with friends of the Ada Club Women at the home of Mrs. R. S. Tobin, 17th Street, in honor of the visitors to our city.

#### District Court.

After opening court yesterday morning Judge Rainey disposed of a few minor matters, then went into trial with the case of Barney Carney, Indian, charged with murder. The case is of eight or ten years standing and was just closed as we go to press, the jury not having returned a verdict.

It is the intention of Judge Rainey to clean the docket in this district and he is commencing at the first. His object may not be accomplished at this term, if not another term will be held here at an early date.

#### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, O.

Sold by Druggists, 75c.  
Take Hall's Family Pills for constipation.

All kinds of legal blanks for sale at this office.

#### CASH IS NEEDED.

#### State Officers to Decide on Special Session of Legislature.

Guthrie, Okla., May 10.—There will probably be a conference of state officers the middle of the week to decide whether a special session of the legislature should be called to provide funds for the state board of public affairs, and if not, what plan should be pursued by the board for paying the expenses of the department until the next session of the legislature.

That the \$36,500 provided by the second legislature for the board for the next two years is utterly inadequate is now beginning to be realized. To it is delegated the purchasing powers of every state board, officer and department. It must superintend the buying of all supplies, of flour for the insane asylum at Fort Supply, pencils for the state university, convict garb for the penitentiary, books for the deaf school, and so on endlessly. It must superintend the erection of the \$400,000 penitentiary at McAlester; the \$200,000 insane asylum at Vinita; the boys' industrial school at Pauls Valley—Wynnewood; the girls industrial school at Chickasha; the preparatory school at Claremore—three \$100,000 jobs; the state reformatory at Granite; the normal at Durant; the normal at Ada; the \$133,000 state school of mines at Wilburton; and other important public buildings, amounting to a total of over two million dollars in construction work alone. The board is burdened with the work of purchasing all material to be used in these jobs; and all furnitures for the completed institutions.

## Church Directory

ADA, OKLAHOMA, TUESDAY EVENING, MAY 11, 1909

NUMBER 38

## EAST SIDE LOCATION SELECTED AS A NORMAL SITE

SHOWN ALL THE OFFERED LOCATIONS AND FAVORABLY IMPRESSED WITH ADA.

## MEETING AT CLUB ROOMS

Citizens and Visitors Discuss Ada Normal and Its Flattering Prospects.

When the news came yesterday that the Board of Regents would arrive from Durant on the afternoon Kate preparations were begun by interested citizens to afford the party of the board proper conveniences for the transaction of the business in which it was employed, that of selecting a site for the State Normal.

The gentlemen of the Board were in succession conducted to the several sites held in readiness for donation for school purposes. When they had concluded their observation of the sites, they were driven to the OK Portland Cement industry and there shown through the plant by President Beck and Superintendent Whitaker. The party returning to the hotel at seven o'clock and a session of the Board was not held until after supper. At 8 o'clock or there about the board went into executive consideration of the normal site selection. When they had been in session some time, during which many citizens occupied the lobby waiting to hear the result of decision, word was had that further general conversation was invited by the board from citizens of the city in reference to the best selection of location and immediately the company of local citizen accessible with the gentlemen of the board of regents repaired to the 25,000 club rooms. There were several speeches by Ada citizens argumentative of why the particular locations favored by each should be selected.

The last half of this impromptu meeting which had grown to fair attendance was devoted to hearing splendid talks by Honorables E. D. Cameron and W. W. Hastings. What each of these state characters and

important official's statements indicative and impressive of the friendliness of their regard for the city of Ada and the state normal located therein will ever remain cherished by the body of citizens present.

Honorables J. A. Menefee and J. B. Mosley were as emphatic and convincing in their statements and actions evidencing "the friendship that lives" for the town of Ada and the perpetuity in magnitude of the East Central Normal, but they refrained from being persuaded to speak before the public.

### Normal Site Selected.

The State Board of Normal Regents, the Honorables E. D. Cameron, James A. Menefee, W. T. Hastings and J. B. Mosley went into executive session at the parlors of the Harris hotel this morning at 9 o'clock in the final consideration of the site they would select as the location for the East Central State Normal.

After brief conference the Board of Regents appeared in the hotel lobby where there were assembled several interested citizens and afforded the information that decision had been reached, all members concurring, to construct the normal school property at the Main street elevation on the East.

### THE SCRIBNER MURDER.

Bill Stix on Bond With No Further Evidence Than Was Given Yesterday.

Further than the fact that the blood hounds made a swift and sure trail and that Bill Stix was captured and placed in jail, as stated in yesterday's News, there are no new developments as to his guilt or innocence, as far as we have been able to ascertain. Stix is a full blood Indian and the father of Mrs. Scribner who was assassinated Sunday night. There are several theories as to why he might have committed the crime but none which we care to relate unless possession of facts would justify us in doing so.

Sure it is that this was a foul and damnable deed, whoever committed it or whatever the motive might have been, and the officers should diligently search for the facts and ascertain the guilty party if possible. Stix was released today on a \$2,500 bond.

## GOVERNOR HASKELL ISSUES STATEMENT

TALKS ABOUT HIS CONNECTION WITH ALLEGED MOTT CASES.

Hundreds of People Involved While Only Seven Are Being Prosecuted.

Guthrie, Ok., May 10.—Gov. Charles N. Haskell issued a statement today respecting his connection with the so-called Mott civil land suits and the action of Federal Judge Campbell, who, at Muskogee, on Saturday last overruled a motion of the defendant.

The decision, the Governor says, was in the cases brought by the government to recover additional moneys for town lots in Muskogee and several other Creek Nation towns.

"Judge Campbell's decision," says the statement given out, "merely overrules the defendants' demurrer to the government's petition which was principally a question of the jurisdiction of the court to hear these suits at the instance of the Interior department and after overruling the demurrer, the Court gave the defendants permission to answer putting the facts alleged in the government's petition on issue for future trial. In the civil cases the government alleges that there was a conspiracy between the owners and schedulers of the lots and that the Creek Nation and the government officers had no knowledge of the plans of scheduling. The investigation of the criminal cases disclosed the fact that the United States officials not only had knowledge, but approved the plan and the decision has no bearing on the criminal prosecutions.

"The suits included other Creek Nation towns as well as Muskogee. Three thousand acres of Muskogee townsites, as indicated, could not be involved, because the government townsite only contained 2,500 acres, the total area of which fully four-fifths had been scheduled to the owners of improvements thereon, and the government does not question such scheduling. Less than one-fifth of the town plat was pasture land and cultivated fields, without improvements, and it is a part of this one-fifth only that the government now questions.

"The total valuation on all unimproved lands so platted by the government was less than \$50,000.

"The government's complaint does not extend over more than half of the unimproved platted land and is to the effect that the whole valuation instead of one-half thereof, should have been realized by the government, so that in no event does the government, complain of the loss of more than \$25,000.

"These complaints in the civil case involve over one hundred people in Muskogee alone, but the government has seen fit to seek indictments only against Gov. Haskell and six other associates.

"The government claims that Gov. Haskell is an official of a corporation that secured a small portion of the above unimproved lots, the government valuation of which was less than \$3,500, so that the real government complaint against the corporation that Gov. Haskell was connected with, in dollars and cents, is less than \$1,750 and Gov. Haskell's interest as a stockholder in said corporation was claimed to be about 2 per cent.

"The above correction is the strongest statement that can be made against these defendants from the government's claims, based on its final records and the defendants allege they will be able to show that the government has no cause for complaint."

### Council Proceedings.

At an adjourned regular meeting of the city council Monday evening May 10th, the following members were present: Mayor Little, Chapman Hill, Hope, Shirley, West, Crowder, Evans; absent Sims.

The following accounts were allowed and ordered paid on a motion by HIM, seconded by Hope, J. L. Rawls, \$25.00; J. H. Cantwell, \$18.00; R. E. Haynes, \$6.17; J. K. Hendrix, \$27.50; M. D. Timberlake, \$10.00.

A resolution ordering sidewalks put down on both sides of Main street between Broadway avenue and Oak avenue, was passed on a motion of Hope seconded by Hill.

Hope introduced and had read ordinance No. 180 vacating and closing a part of 9th street between Townsend and Stackton avenues and blocks 76 and 85. By the following vote, the rules were suspended and the ordinance passed to its second reading on a motion by Hope, seconded by Hill; Ayes, Chapman, Hill.

## CLOTHING

is a much advertised merchandise

There are really few people (not in the clothing business) competent to judge clothing materials. We are clothiers and judges of materials. If you place your confidence in us you are sure of getting what we represent to you.

### SUITS \$12.50

We are showing a big variety of suits in all the latest fabrics and colors made with fancy cuts and pocket effects; Blue and Gray Serges, Tan and Green and Olives and fancy worsteds in two piece or three piece, suits in all sizes at

12.50

They can't be equaled for less than \$15.00.

We are anxious to show you our better goods made by Hart, Schaffner & Marx for us.

Come and ask to see the \$20.00 and \$22.50 Suits—they are equal to any tailored suit at \$30.00.

## I. HARRIS

"Specialist in good clothes for men and young men"

## Alabastine

The Sanitary Wall Coating

### "THE TINT THAT WON'T RUB OFF"

Made by mixing with cold water and is easily applied with brush, anybody can put it on your walls.

We are always glad to show color combinations and give other information desired. It is cheaper than wall paper and looks much better and lasts longer. Let us tell you about it!

PHONE NO. 6 **Ramsey's** DRUG STORE

Hope, Shirley, West, Crowder, Evans; Noes, none; absent, Sims.

After the ordinance was read the second time, Hill moved the passage of the ordinance and Hope seconded the motion. Carried as follows: Ayes, Chapman, Hill, Hope, West, Shirley, Crowder, Evans; Noes, none; absent, Sims. Whereupon the mayor declared the ordinance duly passed.

Bids for the lumber sheds on the Dascomb-Daniels Lumber Company's lots were opened. A. K. Thornton's bid of \$187.17 being the highest was accepted on a motion by Hope, seconded by Hill, by the following vote: Ayes, Chapman, Hill, Hope, West, Crowder; Noes, Shirley, Evans; absent, Sims.

Dr. Ligon was then elected city physician, receiving four votes and Dr. McMillan three. Mayor Little appointed Dr. Ligon and the appointment was confirmed.

Hope moved and Hill seconded that Mr. Walker be asked to ascertain cost of repairing telephone line to reservoir and report to council at next meeting. Carried.

City clerk was instructed to draw warrant on water extension fund for \$300.00 to apply on repairing dam at reservoir, on a motion by Hope, seconded by Hill.

The city attorney was instructed to represent the city in the case of B. C. King vs. the City of Ada in justice court.

"Entered as Second Class matter, March 26, 1904, at the Postoffice at Ada, Oklahoma, under the Act of Congress of March 3, 1879"

## FEW FRAIL REMARKS.

Those citizens of Ada who would have preferred some other than the east side location for the Normal were as sincere in their regard for the more favorable location as those interested on the east side were sincere in their view.

The nature of such contests under such situation is as inevitable as regrettable.

The Evening News values its friends and patrons on all sides and feels distinctly sympathetic with the disappointments of any of them and it would wish if it were not like wishing that we had a million dollars, that the normal school could be switched about in regular turn from year to year to each of the sites, offered.

## MADILL OIL FIELDS.

Professor Gould, of Norman, Expects Great Things from These Fields.

Norman, Okla., May 10.—Professor Gould, who recently visited the Madill oil field, says that he is not going to be surprised if this development into one of the largest fields of the state. It is within the area in which he has long predicted that oil will be found, and he expects to see the present limits of the field extended to a considerable distance from Madill.

"The Madill field is peculiar," said Prof. Gould, "in that there are no surface indications which will aid a geologist in locating oil. There are certain localities in Oklahoma where the surface indications lead one to believe that oil or gas will eventually be found. This is true for instance of the Bartlesville field and the Glenn Pool field. There are other localities where the surface indications point to the conclusion that nothing will be found. This is true of the red bed country of western Oklahoma. There are other regions where the surface indications are negative, that is there are no indications, good or bad, which will aid a geologist. This is the condition at Madill. There is no means of determining where oil will be found or indeed whether it will be found at all. In other words the Madill field is strictly a wild-cat proposition.

"Judging from present indications, however, the field looks very promising. The oil is of very high grade, the best so far found in the state if I am correctly informed.

"The wells are only about 500 feet deep while further north vary from 1200 to 1800 feet in depth. There is no other fuel anywhere in the Madill region.

"The discovery of what seems to be very large deposits of high grade oil will give an impetus to the development of manufacturing industries in the region. I am expecting that the area of the field will be greatly increased."

## Dr. Brownall.

Dr. H. Brownall, who contracted blood poison in the right hand while performing an operation a few days ago, was taken to Sherman, Texas, last evening and placed in the hospital where he was operated on early this morning by Dr. Neathery. The report was current here this morning that the doctor's arm had been amputated, but happily this was not necessary. The hand was simply operated on and the poison removed, and reports from there today are to the effect that the doctor is in a very favorable condition and will recover without serious consequences.

## Notice to Warrant Holders.

All parties holding warrants issued by the Board of Education of the City of Ada, Oklahoma, from registered number 427 to 623 inclusive, also registered numbers 406 to 426 are requested to deliver them to me for cancellation and payment out of refunding bond issue.

W. D. HAYS, Treasurer.

## GRAND JURY ON MUSKOGEE CASES

REINVESTIGATE THE CHARGES AGAINST HASKELL, ET AL.

Eleven of the Special Grand Jury Were Selected Yesterday.

Tulsa, Ok., May 10.—Eleven of the special Federal Grand Jury of sixteen men impaneled from the old Western District of Indian Territory to reinvestigate the cases against Gov. Haskell and others, charged with town lot frauds in Muskogee, were selected today. They are as follows: C. E. Lawson, R. P. Gilliland, Fort Gibson; ex-Mayor Frank Hubbard, Muskogee; W. P. Cunningham, Weleetka; J. P. Ford, Hulbert; G. W. Thompson, Fort Gibson; A. L. Rogers, Fort Gibson; J. T. Cooper, Whitefield; John E. Bruhn, Bristow; J. A. Todd, Muskogee; J. McPherson, Warner.

Three of the grand jurors were excused because of disqualifications, one was sick and one could not attend. What is said to be an entirely new departure in the organization of Grand Juries, was Judge Marshall's extended to the counsel for the defense, the privilege of participating in the selection of grand jurors, but they declined to take advantage of it.

Judge Marshall ordered eight additional talesmen impaneled, then briefly instructed the unorganized Grand Jury and adjourned until 2 o'clock tomorrow, when the special panel is to report. The Grand Jury, in all probability, will not be completed until Wednesday, and the government is hopeful of beginning the introduction of testimony Thursday.

The investigation will be a long-drawn out, consuming two weeks if not longer. One hundred witnesses will be called, many of whom will come from Hastings. Mich. Gov. Haskell was in the court room today.

District Attorney Gregg entered a motion today for the appointment of J. F. Gaskell of Muskogee as a special United States attorney. Gaskell is a stenographer, as well as a lawyer, and the government wants him to make a complete record of the forthcoming proceedings. His presence in the Grand jury room at the first investigation of these cases was one of the grounds of attack set up by the defense in the motion to quash indictments last month.

## REQUIRE NEW CERTIFICATES.

Six Thousand Public School Teachers Affected by New Ruling.

Guthrie, Ok., May 10.—At least 6,000 Oklahoma school teachers, according to the estimate made at the State Superintendent's office today are required to take examinations for new certificates by rulings of Attorney General West, that, under the law passed in 1908, no teacher shall be employed in the public schools of the state after July 1, 1909, whose certificate does not include agriculture and the kindred subjects, horticulture, animal industry, forestry, building common roads, domestic science and elements of economics.

The attorney general holds that persons holding life certificates, the graduates of the state normal schools and those having certificates good for a number of years, are not exempt from the operation of this law.

The Attorney General asked for more facts before rendering an opinion on the necessity of those having certificates taking the examination in music, drawing and Oklahoma history. The textbook commission in planning the course of study included these subjects, and takes the position that the teachers must have these subjects included in their certificates before they can be employed.

The sixteen piers for the extension of the stone tracks are now completed and are now ready for the steel to be laid. These 16 piers are made out of re-enforced concrete.

## A Special Message.

Washington, May 10.—President Taft today sent to congress a special message recommending legislation at the present extra session, amending the Foraker act under which Porto Rico is governed. The president directs the attention of congress affairs on the island laying particular stress on what he terms "a situation of unusual gravity" developed through the failure of the legislature assembly of Porto Rico to pass the usual appropriation bills leaving the island without support after June 30, next.

"Porto Ricans have forgotten the generosity of the United States," the president says, "in the desire of the island's political leaders for power" and he adds that "the present situation indicates that United States has gone too far in the extension of political power to the Porto Ricans." He concludes that the absolute power of appropriation should be taken away from "those who have shown themselves too irresponsible to enjoy it."

## FEDERATION OF WOMEN'S CLUBS

FIRST ANNUAL MEETING OF THE FOURTH DISTRICT IN SESSION.

### ADA HONORED BY THE LADIES

Many Ladies Prominent in the Banks of Oklahoma (Tribune Portfolio) Late in Meet.

Ada is proud to have the distinction of entertaining today and tomorrow the Fourth District Oklahoma State Federation of Women's Clubs. This is the first annual meeting of the Fourth District and many ladies visitors are in attendance. The meeting was held here by invitation of the Twentieth Century and Sorosis Clubs of this city and elaborate arrangements for their entertainment has been made by members of the local clubs.

On yesterday the M. F. church where the meetings will be held and the programs carried out was elegantly decorated with evergreens and everything arranged for the comfort of those attending their sessions. A reception will be held in the parlors of the church from 10 to 11 o'clock tonight to the delegates visiting club women and state officers.

Program sessions will be held this evening tomorrow morning tomorrow afternoon and tomorrow evening. On Thursday morning a drive over the city at 8:30 and tea at the home of Mrs. R. S. Tobin on 17th street will be the closing features of the occasion. A complete program appears in another column.

Everybody is invited to attend these exercises.

Mrs. Tom Hope an unselfish untiring public worker capable in Club Home and Church is well known and admired by all the Oklahoma City women especially beloved in Ada where she has resided nearly nine years. Her Club has been prominent always being on the most important standing committees in the F. W. Federation. She has been treasurer and at present holds the office of President of the Fourth District. She will preside at the meeting tonight.

### Mrs. Shannett Entertains

Mrs. Shannett entertained her pupils at the home of Mrs. B. A. Mason last evening complimentary to Mrs. J. W. McClendon who sang several songs to the pupils and invited guests.

Elizabeth Ingraham Marguerite Wimbish Maurine Paul Leone Steed and Isabelle Rosenfield gave piano numbers. Leona Chambers and Lucile L. Love recited from Riley. Mrs. McClendon will sing both Tuesday and Wednesday nights for the Federation in the M. F. church.

MRS. D. A. McDOUGALL.

Mrs. D. A. McDougall former President of the F. W. Federation of Women's Clubs and now Vice President at large of the State Federation is in attendance at the District meeting now being held in Ada. She has had wide experience as a Club Worker and is a better known figure here than on the East Side. She is a writer of recognized ability and is a hostess for many of the Club articles. Mrs. McDougall will address the Assembly at the church this evening on the Ideal Club. No one should fail to attend and hear this talk.

### Mr. Mills to Muskogee

Hon. S. A. Mills until lately district Indian agent for the Atoka district in which this county is included having been promoted to a higher branch of the service of the department of the interior has removed the headquarters of his duties to Muskogee. It is thought that Col. Mills deserves and maintains the friendship of the citizens of this district.

Mr. William A. Reynolds of Atoka succeeds to this district's commissionership and is in the city at present.

All kinds of legal blanks for sale at the News office.

Notes in the Club Meet. Mrs. Tom Hope entertained the Executive Board of the Oklahoma State Federation with a six o'clock dinner this evening.

Mrs. John Threadgill of Oklahoma City president of the entire state of Oklahoma Federation will in Ada tonight although she was delayed in coming a few hours.

Mrs. C. J. Wilcox of Lebanon once president of the F. W. Federation and now honorary president of Oklahoma State Federation will speak tonight.

Mrs. D. A. McDougall of Sapulpa Mrs. Chris Hume of Ardmore Mrs. John Threadgill Oklahoma City and Mrs. H. M. F. of Guthrie will be house guests of Mrs. Tom Hope during the Oklahoma State Federation.

### New Brick for Main.

Mr. J. W. Wright is having removed from his business lot on Main street the old frame building which has weathered the storm for so many years. On this lot Mr. Wright will commence immediately the construction of a brick building 25x140 feet. Architect Keen has the contract.

All kinds of legal blanks for sale at this office.

### WOODMEN CIRCLE ENTERTAINS.

Angelo Grove No. 42 Entertains Sovereigns and Visitors.

The reception and entertainment given by the Woodmen Circle of Ada Monday evening in the I. O. O. F. hall was a grand success.

A large number of invited guests from Roff and Center lodges were in attendance and with Ada friends the hall was filled to its utmost. Nothing was left undone by the Woodmen Circle ladies to make every one glad they were present.

Delightful refreshments were served strawberries cream and cake.

The following program was rendered and enjoyed by the guests.

Opening ode by audience

Welcome address by Mr. Norrell

Duet Lois Keri and Clytie Young

Reading Gracia Lash Vivian Reed

Reading Gontar McQueen blind boy

Duet Mrs. Crowder and Mrs. Owens

Reading Lerline Chisler

Drills by the Woodmen Circle ladies

Reading Inez Fisher

Reading Miss Mary Kate Baker

Song Ruby Eaton

Duet Mrs. Crowder and Mrs. Owen

Reading Miss May Laise

Reading Mr. Gorrie

## SOME REASONS WHY IT PAYS

THE FARMER TO HAVE A TELEPHONE

The dollars saved keeping in touch with the markets will pay the price many fold.

In case of an emergency when a doctor or neighbor is needed, life or property may be saved.

The telephone has done away with the old time isolation that handicapped social life in the country and drove young people to the city.

It is then a saver of life, money and property and is a pleasure to all the family. For information regarding rates and manner of securing the service consult with your nearest local manager.

An Ordinance Vacating and closing a Part of Ninth Street of the City of Ada, From the West Line of Townsend Avenue to the East Line of Stockton Avenue, Between Blocks Nos. 76 and 85.

WHEREAS, on the 14th day of June, 1901, by legal and proper proceedings the Board of Mayor and Aldermen of the Incorporated Town of Ada, in regular session assembled, by a unanimous vote, closed, vacated and condemned that portion of 9th street of said town lying between the west side of Townsend Avenue and the east side of Stockton Avenue of said town, and between blocks 76 and 85; and

WHEREAS, the object and purpose in closing said part of said street was to provide sufficient ground for the location and erection of the plant of the Ada Cotton Oil Company thereon and upon the property adjoining; and

WHEREAS, in consideration of the closing of said part of said street, the said Ada Cotton Oil Company did locate and erect its plant at said point, after and because said part of said street was closed and vacated for its occupancy and use; and

WHEREAS, by inadvertence and omission of the Recorder of the then Incorporated Town of Ada, Indian Territory, said action of the said Board of the Mayor and Aldermen was not fully made of record in the Minute, or other records of said Board; and

WHEREAS, after the said action of the said Board in closing said portion of said street, the said Ada Cotton Oil Company, for the benefit of which said portion of said 9th street was closed, erected and has since maintained permanent and valuable improvements upon said portion of said 9th street, and cannot without serious and irreparable loss remove the same therefrom.

Now Therefore, Be It Ordained by the Mayor and the Councilmen of the City of Ada, Oklahoma:

Section 1. That that portion of 9th street of the City of Ada, Oklahoma, lying between the west line of Townsend Avenue, and the east line of Stockton Avenue, and between Blocks Nos. 76 and 85, of said city, as shown by the plat thereof, be, and the same is hereby vacated, closed and condemned.

Section 2. That the Ada Cotton Oil Company be, and the same is hereby given the exclusive right to use that portion of said 9th street herein condemned, and sought and attempted to have been condemned as set out in the preamble hereof, for the purpose of erecting and maintaining its seed houses, warehouses and offices, or for such other purposes as may be necessary for the proper conduct of its business; Provided that said Ada Cotton Oil Company shall not sell any portion of said street so condemned, and provided further, that whenever said Ada Cotton Oil Company or its successors shall cease to exist, or shall cease finally to operate its plant in said city, then said portion of said street shall revert to the City of Ada, Oklahoma.

Section 3. That all Ordinances or parts of Ordinances or resolutions in conflict herewith are hereby repealed.

Section 4. That this Ordinance shall go into full force and effect from and after 30 days from its passage and approval, and after its publication as required by law.

Passed and approved this 10 day of May, A. D. 1909.

(Seal) L. J. LITTLE, Mayor  
Attest: W. B. JONES, City Clerk.  
(Published May 11, 1909.)

#### MAY MODIFY ALL LAWS.

#### Interior Department Assistant Is Coming to Oklahoma.

Washington, May 10.—The department of the interior is considering remodeling the oil pipe line regulations in Oklahoma to eliminate the feature which now provides that pipe lines shall be common carriers, and shall own no production of oil themselves, and which authorizes the secretary of the interior to take charge of pipe line companies, if they violate the regulations.

This will result in a visit of assistant secretary Frank Pierce to Oklahoma. Commissioner J. George Wright of Muskogee is here in conference with secretary Ballinger.

#### Grand Jury Room.

The busiest looking place around the court house just now is the grand jury room. Crowds are omnipresent at the front door and witnesses seem to be in abundance. Just what they are doing is of course secret, but their quarters have the air of business.

9:30 Tea with friends of the Ada Club Women at the home of Mrs. R. S. Tobin, 17th Street, in honor of the visitors to our city.

#### District Court.

After opening court yesterday morning Judge Rainey disposed of a few minor matters, then went into trial with the case of Burney Carney, Indian, charged with murder. The case is of eight or ten years standing and was just closed as we go to press, the jury not having returned a verdict.

It is the intention of Judge Rainey to clean the docket in this district and he is commencing at the first. His object may not be accomplished at this term, if not another term will be held here at an early date.

#### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co. Toledo, O.

Sold by Druggists, 75c.  
Take Hall's Family Pills for constipation.

#### CASH IS NEEDED.

#### State Officers to Decide on Special Session of Legislature.

Guthrie, Okla., May 10.—There will probably be a conference of state officers the middle of the week to decide whether a special session of the legislature should be called to provide funds for the state board of public affairs, and if not, what plan should be pursued by the board for paying the expenses of the department until the next session of the legislature.

That the \$36,500 provided by the second legislature for the board for the next two years is utterly inadequate is now beginning to be realized. To it is delegated the purchasing powers of every state board, officer and department. It must superintend the buying of all supplies, of flour for the insane asylum at Fort Supply, pencils for the state university, convict garb for the penitentiary, books for the deaf school, and so on endlessly. It must superintend the erection of the \$400,000 penitentiary at McAlester; the \$200,000 insane asylum at Vinita; the boys' industrial school at Pauls Valley—Wynnewood; the girls' industrial school at Chickasha; the preparatory school at Claremore—three \$100,000 jobs; the state reformatory at Granite, the normal at Durant, the normal at Ada; the \$133,000 state school of mines at Wilburton; and other important public buildings, amounting to a total of over two million dollars in construction work alone. The board is burdened with the work of purchasing all material to be used in these jobs; and all furnitures for the completed institutions.

## Church Directory

#### Asbury Methodist Church.

Services first and third Sunday mornings at 11 and Sunday evening, also fourth Sunday evening of each month.

## MEETING AT CLUB ROOMS

Citizens and Visitors Discuss Ada Normal and Its Flattering Prospects.

When the news came yesterday that the Board of Regents would arrive from Duram in the afternoon, preparations were begun by interested citizens to afford the party of the board proper conveniences for the transaction of the business in which it was employed, that of selecting a site for the State Normal.

The gentlemen of the Board were in succession conducted to the several sites held in readiness for donation for school purposes. When they had concluded their observation of the sites, they were driven to the OK Portland Cement industry and there shown through the plant by President Beck and Superintendent Whitaker. The party returning to the hotel at seven o'clock and a session of the Board was not held until after supper. At 8 o'clock or there around the board went into executive consideration of the normal site selection. When they had been in session some time, during which many citizens occupied the lobby waiting to hear the result of decision, word was had that further general conversation was invited by the board from citizens of the city in reference to the best selection of location and immediately the company of local citizens accessible with the gentlemen of the board of regents repaired to the 25,000 club rooms. There were several people in Ada citizens argumentative of why the particular locations favored by each should be selected.

The last half of this impromptu meeting which had grown to fair attendance was devoted to hearing splendid talks by Honorables E. D. Cameron and W. W. Hastings. What each of these state characters and

important official's statements indicative and impressive of the friendliness of their regard for the city of Ada and the state normal located therein will ever remain cherished by the body of citizens present.

Honorables J. A. Menefee and J. B. Mosley were as emphatic and convincing in their statements and actions evidencing "the friendship that lives" for the town of Ada and the perpetuity in magnitude of the East Central Normal, but they refrained from being persuaded to speak before the public.

### Normal Site Selected.

The State Board of Normal Regents, the Honorables E. D. Cameron, James A. Menefee, W. T. Hastings and J. B. Mosley went into executive session at the parlors of the Harris hotel this morning at 9 o'clock in the final consideration of the site they would select as the location for the East Central State Normal.

After brief conference the Board of Regents appeared in the hotel lobby where there were assembled several interested citizens and afforded the information that decision had been reached, all members concurring, to construct the normal school property at the Main street elevation on the East.

### THE SCRIBNER MURDER.

Bill Stix on Bond With No Further Evidence Than Was Given Yesterday.

Further than the fact that the blood hounds made a swift and sure trail and that Bill Stix was captured and placed in jail, as stated in yesterday's News, there are no new developments as to his guilt or innocence, as far as we have been able to ascertain. Stix is a full blood Indian and the father of Mrs. Scribner who was assassinated Sunday night. There are several theories as to why he might have committed the crime but none which we care to relate unless possession of facts would justify us in doing so.

Sure it is that this was a foul and damnable deed, whoever committed it or whatever the motive might have been, and the officers should diligently search for the facts and ascertain the guilty party if possible.

Stix was released today on a \$2,500 bond.

Try a News "Want Ad"

## GOVERNOR HASKELL ISSUES STATEMENT

TALKS ABOUT HIS CONNECTION WITH ALLEGED MOTT CASES.

Hundreds of People Involved While Only Seven Are Being Prosecuted.

Guthrie, Ok., May 10.—Gov. Charles N. Haskell issued a statement today respecting his connection with the so-called Mott civil land suits and the action of Federal Judge Campbell, who, at Muskogee, on Saturday last overruled a motion of the defendant.

The decision, the Governor says, was in the cases brought by the government to recover additional monies for town lots in Muskogee and several other Creek Nation towns.

"Judge Campbell's decision," says the statement given out, "merely overrules the defendants' demurrer to the government's petition which was principally a question of the jurisdiction of the court to hear these suits at the instance of the Interior department and after overruling the demurrer, the Court gave the defendants permission to answer putting the facts alleged in the government's petition on issue for future trial. In the civil cases the government alleges that there was a conspiracy between the owners and schedulers of the lots and that the Creek Nation and the government officers had no knowledge of the plans of scheduling. The investigation of the criminal cases disclosed the fact that the United States officials not only had knowledge, but approved the plan and the decision has no bearing on the criminal prosecutions.

"The suits included other Creek Nation towns as well as Muskogee. Three thousand acres of Muskogee townsites, as indicated, could not be involved, because the government townsite only contained 2,500 acres, the total area of which fully four-fifths had been scheduled to the owners of improvements thereon, and the government does not question such scheduling. Less than one-fifth of the town plat was pasture land and cultivated fields, without improvements, and it is a part of this one-fifth only that the government now questions.

"The total valuation on all unimproved lands so platted by the government was less than \$50,000.

"The government's complaint does not extend over more than half of the unimproved platted land and is to the effect that the whole valuation instead of one-half thereof, should have been realized by the government, so that in no event does the government, complain of the loss of more than \$25,000.

"These complaints in the civil case involve over one hundred people in Muskogee alone, but the government has seen fit to seek indictments only against Gov. Haskell and six other associates.

"The government claims that Gov. Haskell is an official of a corporation that secured a small portion of the above unimproved lots, the government valuation of which was less than \$3,500, so that the real government complaint against the corporation that Gov. Haskell was connected with, in dollars and cents, is less than \$1,750 and Gov. Haskell's interest as a stockholder in said corporation was claimed to be about 2 per cent.

"The above correction is the strongest statement that can be made against these defendants from the government's claims, based on its final records and the defendants allege they will be able to show that the government has no cause for complaint."

### Council Proceedings.

At an adjourned regular meeting of the city council Monday evening May 10th, the following members were present: Mayor Little, Chapman Hill, Hope, Shirley, West, Crowder, Evans; absent Sims.

The following accounts were allowed and ordered paid on a motion by Hill, seconded by Hope, J. L. Rawls, \$25.00; J. H. Cantwell, \$18.00; R. E. Haynes, \$6.17; J. K. Hendrix, \$27.50; M. D. Timberlake, \$10.00.

A resolution ordering sidewalks put down on both sides of Main street between Broadway avenue and Oak avenue, was passed on a motion of Hope seconded by Hill.

Hope introduced and had read ordinance No. 189 vacating and closing a part of 9th street between Townsend and Stockton avenues and blocks 76 and 85. By the following vote, the rules were suspended and the ordinance passed to its second reading on a motion by Hope, seconded by Hill; Ayes, Chapman, Hill.

## CLOTHING

is a much advertised merchandise

There are really few people (not in the clothing business) competent to judge clothing, materials. We are clothiers and judges of materials; if you place your confidence in us you are sure of getting what we represent to you.

PHONE NO. 6 Ramsey's DRUG STORE

Hope, Shirley, West, Crowder, Evans; Noes, none; absent, Sims.

After the ordinance was read the second time, Hill moved the passage of the ordinance and Hope seconded the motion. Carried as follows: Ayes, Chapman, Hill, Hope, West, Shirley, Crowder, Evans; Noes, none; absent Sims. Whereupon the mayor declared the ordinance duly passed.

Bids for the lumber sheds on the Dascomb-Dunels Lumber Company's lots were opened. A. K. Thornton's bid of \$187.17 being the highest was accepted on a motion by Hope, seconded by Hill, by the following vote: Ayes, Chapman, Hill, Hope, West, Crowder; Noes, Shirley, Evans; absent, Sims.

Dr. Ligon was then elected city physician, receiving four votes and Dr. McMillan three. Mayor Little appointed Dr. Ligon and the appointment was confirmed.

Hope moved and Hill seconded that Mr. Walker be asked to ascertain cost of repairing telephone line to reservoir and report to council at next meeting. Carried.

City clerk was instructed to draw warrant on water extension fund for \$300.00 to apply on repairing dam at reservoir, on a motion by Hope, seconded by Hill.

The city attorney was instructed to represent the city in the case of B. C. King vs. the City of Ada in justice court.

## FEW FRAIL REMARKS.

Those citizens of Ada who would have preferred some other than the east side location for the Normal were as sincere in their regard for the more favorable location as those interested on the east side were sincere in their view.

The nature of such contests under such situation is as inevitable as regrettable.

The Evening News values its friends and patrons on all sides and feels distinctly sympathetic with the disappointments of any of them and it would wish if it were not like wishing that we had a million dollars that the normal school could be switched about in regular turn from year to year to each of the sites oftered.

## MADILL OIL FIELDS.

Professor Gould, of Norman, Expects Great Things from These Fields.

Norman Okla May 10—Professor Gould who recently visited the Madill oil field says that he is not going to be surprised if this develops into one of the largest fields of the state. It is within the area in which he has long predicted that oil will be found and he expects to see the present limits of the field extended to a considerable distance from Madill.

The Madill field is peculiar said Prof Gould in that there are no surface indications which will aid a geologist in locating oil. There are certain localities in Oklahoma where the surface indications lead one to believe that oil or gas will eventually be found. This is true for instance of the Guthrie field and the Glenn Pool field. There are other localities where the surface indications point to the conclusion that nothing will be found. This is true of the red beds country of western Oklahoma. There are other regions where the surface indications are negative but there are no indications good or bad which will aid a geologist. This is the condition at Madill. There is no means of determining where oil will be found or indeed whether it will be found at all in other words the Madill field is strictly a wildcat proposition.

Judging from present indications however the field looks very promising. The oil is of very high grade the test so far found in the state if it can be correctly informed.

The wells are only about 100 feet deep while farther north vary from 1200 to 1800 feet in depth. There is no other fuel anywhere in the Madill region.

The discovery of what seems to be very large deposits of high grade oil will give an impetus to the development of manufacturing industries in the region. I am expecting that the area of the field will be greatly increased.

## Dr. Browall.

Dr H Browall who contracted blood poison in the right hand while performing an operation a few days ago was taken to Sherman Texas last evening and placed in the hospital where he was operated on early this morning by Dr Neathery. The report was current here this morning that the doctors arm had been amputated but happily this was not necessary. The hand was simply operated on and the poison removed and reports from there today are to the effect that the doctor is in a very favorable condition and will recover without serious consequences.

## Notice to Warrant Holders.

All parties holding warrants issued by the Board of Education of the City of Ada, Oklahoma, from registered number 427 to 628 inclusive, also registered numbers 406 to 426 are requested to deliver them to me for cancellation and payment out of refunding bond issue.

W D HAYS, Treasurer

## GRAND JURY ON MUSKOGEE CASES

REINVESTIGATE THE CHARGES AGAINST HASKELL, ET AL.

Eleven of the Special Grand Jury Were Selected Yesterday.

Tulsa Ok May 10—Eleven of the special Federal Grand Jury of sixteen men impaneled from the old Western District of Indian Territory to reinvestigate the cases against Gov Haskell and others charged with town lot frauds in Muskogee were selected today. They are as follows: C F Lawson R P Gilliland Fort Gibson ex-Mayor Frank Hubbard Muskogee W P Cunningham Weleika J P Ford Hulbert G W Thompson Fort Gibson A L Rogers Fort Gibson J T Cooper Whitfield John E Brubbs Bixtow J A Todd Muskogee J McPherson Warner.

Three of the grand jurors were excused because of disqualifications. One was sick and one could not attend. What is said to be an entirely new departure in the organization of Grand Juries was Judge Marshall's extended to the counsel for the defense the privilege of participating in the selection of grand jurors but they declined to take advantage of it.

Judge Marshall ordered eight additional talesmen impaneled then briefly instructed the unorganized Grand Jury and adjourned until 1 o'clock tomorrow when the special panel is to report. The Grand Jury in all probability will not be completed until Wednesday and the government is hopeful of beginning the introduction of testimony Thursday.

The investigation will be a long drawn out consuming two weeks if not longer. One hundred witnesses will be called many of whom will come from Hastings Mich Gov Haskell was in the court room today. District Attorney Gregg entered a motion today for the appointment of J F Gaskell of Muskogee as a special United States attorney. Gaskell is a stenographer as well as a lawyer and the government wants him to make a complete record of the forthcoming proceedings. His presence in the Grand Jury room at the first investigation of these cases was one of the grounds of attack set up by the defense in the motion to quash indictments last month.

## REQUIRE NEW CERTIFICATES.

Six Thousand Public School Teachers Affected by New Ruling.

Guthrie Ok May 10—At least 6000 Oklahoma school teachers according to the estimate made at the State Superintendent's office today are required to take examinations for new certificates by rulings of Attorney General West that under the law passed in 1908 no teacher shall be employed in the public schools of the state after July 1 1909 whose certificate does not include agriculture and the kindred subjects horticulture animal industry forestry building common roads domestic science and elements of economics.

The attorney general holds that persons holding life certificates the graduates of the state normal schools and those having certificates good for a number of years are not exempt from the operation of this law.

The Attorney General asked for more facts before rendering an opinion on the necessity of those having certificates taking the examination in music drawing and Oklahoma history. The textbook commission in planning the course of study included these subjects and takes the position that the teachers must have these subjects included in their certificates before they can be employed.

## A Special Message.

Washington May 10—President Taft today sent to congress a special message recommending legislation at the present extra session amending the Foraker act under which Porto Rico is governed. The president directs the attention of congress affairs on the island having particular stress on what he terms a situation of unusual gravity developed through the failure of the legislature assembly of Porto Rico to pass the usual appropriation bills leaving the island without support after June 30 next.

Porto Ricans have forgotten the generosity of the United States the president says in the desire of the island political leaders for power and he adds that the present situation indicates that United States has been too far in the extension of political power to the Porto Ricans. He concludes that the island is in a position of peril and that the United States should take away from those who have shown themselves too incapable to govern.

## FEDERATION OF WOMEN'S CLUBS

FIRST ANNUAL MEETING OF THE FOURTH DISTRICT IN SESSION.

### ADA HONORED BY THE LADIES

Many Ladies Prominent in the Banks of Oklahoma (Random Part) ate in Meet.

Ada is proud to have the distinction of entertaining today and tomorrow the Fourth District Oklahoma State Federation of Women's Clubs. This is the first annual meeting of the Fourth District and many lady visitors are in attendance. The meeting was held here by invitation of the Twentieth Century and Sorosis Clubs of this city and elaborate arrangements for their entertainment has been made by members of the local clubs.

On yesterday the M. E. church where the meetings will be held and the programs carried out was elegantly decorated with evergreens and everything arranged for the comfort of those attending their sessions. A reception will be held in the parlors of the church from 10 to 11 o'clock tonight to the delegates visiting, club women and state officers.

Program sessions will be held this evening tomorrow morning tomorrow afternoon and tomorrow evening. On Thursday morning a drive over the city at 8:30 and tea at the home of Mrs. R. S. Tobin on 17th street will be the closing features of the occasion. A couple to program appears in another column.

Everybody is invited to attend these exercises.

Mrs. Tom Hope an unselfish untiring public worker capable in Church Home and Church is well known and admired by all the Oklahoma City women especially beloved in Ada where she has resided nearly nine years. Her club life has been prominent always being on the most important local committees in the I. O. O. F. station she has been treasurer and at present holds the office of President of the Fourth District. She will preside at the meeting tonight.

### Mrs. Shanafelt Entertains.

Mrs. Shanafelt entertained her pupils at the home of Mrs. B. A. Mason last evening complimentary to Mrs. F. W. McClendon who sang several numbers to the pupils and invited guests.

Elizabeth Ingraham Marguerite Winfield Maurine Furt Leonie Steed and Isadore Postenfield gave piano numbers. Leona Chumney and Lucile Lee gave readings from Riley. Mrs. McClendon will sing both Tuesday and Wednesday nights for the Federation in the M. E. church.

MRS. D. A. McDOUGAL.

Mrs. D. A. McDougal former President of the I. O. O. F. Federation of Women's Clubs and now Vice President at large of the State Federation is in attendance at the District meeting now being held in Ada. She has long wide experience as a club worker and probably better known than any other woman on the East Side. She is a writer of recognized ability and stories for magazines and club articles. Mrs. McDougal will address the Assembly at the church this evening on the Ideal Club. No one should fail to attend and hear this talk.

### Mr. Mills to Muskogee

Hon. S. A. Mills until lately district Indian agent for the Atoka district in which this county is included having been promoted to a higher branch of the service of the department of the interior has removed the headquarters of his duties to Muskogee. It is thought that Col. Mills deserves and maintains the friendship of the citizens of this district.

Mr. William A. Reynolds of Atoka succeeds to this district's commissionership and is in the city at present.

All kinds of legal blanks for sale at the News office.

### Notes in the Club Meet.

Mrs. Tom Hope entertained the ladies at the home of the Oklahoma State Federation with a six o'clock dinner this evening.

Mrs. John Thredgill of Oklahoma City president of the entire state of Oklahoma Federation will be in Ada tonight although she was delayed in coming by a few hours.

Mrs. C. E. Wilcox of Lebanon once president of the I. O. O. F. Federation and now honorary president of Oklahoma State Federation will speak tonight.

Mrs. D. A. McDougal of Sapulpa Mrs. Chas. H. McAnard of Oklahoma City and Mrs. H. M. F. Mann of Guthrie will be house guests of Mrs. Tom Hope during the Oklahoma State Federation.

### New Brick for Mail.

Mr. J. W. Wright is having removed from his business lot on Main street the old frame building which has weathered the storm for so many years. On this lot Mr. Wright will commence immediately the construction of a brick building 25x140 feet. Architect Keen has the contract.

All kinds of legal blanks for sale at this office.

## SOME REASONS WHY IT PAYS

THE FARMER TO HAVE A TELEPHONE

The dollars saved keeping in touch with the markets will pay the price many fold.

In case of an emergency when a doctor or neighbor is needed, life or property may be saved.

The telephone has done away with the old time isolation that handicapped social life in the country and drove young people to the city.

It is then a saver of life, money and property and is a pleasure to all the family. For information regarding rates and manner of securing the service consult with your nearest local manager.

# Ordinance No. 180.

An Ordinance Vacating and closing a Part of Ninth Street of the City of Ada From the West Line of Town send Avenue to the East Line of Stockton Avenue Between Blocks Nos 76 and 80

WHEREAS on the 14th day of June 1901 by legal and proper proceedings the Board of Mayor and Aldermen of the Incorporated Town of Ada in regular session assembled by a unanimous vote closed vacated and condemned that portion of 9th street of said town lying between the west side of Townsend Avenue and the east side of Stockton Avenue of said town and between blocks 76 and 80 and

WHEREAS the object and purpose in closing said part of said street was to provide sufficient ground for the location and erection of the plant of the Ada Cotton Oil Company there on and upon the property adjoining and

WHEREAS in consideration of the closing of said part of said street the said Ada Cotton Oil Company did locate and erect its plant at said point after and because said part of said street was closed and vacated for its occupancy and use and

WHEREAS by inadvertence and omission of the Recorder of the then Incorporated Town of Ada Indian Territory said action of the said Board of the Mayor and Aldermen was not fully made of record in the Minute or other records of said Board and

WHEREAS after the said action of the said Board in closing said portion of said street the said Ada Cotton Oil Company for the benefit of which said portion of said 9th street was closed erected and has since maintained permanent and valuable improvements upon said portion of said 9th street and cannot without serious and irreparable loss remove the same therefrom

Now Therefore Be It Ordained by the Mayor and the Councilmen of the City of Ada Oklahoma

Section 1 That that portion of 9th street of the City of Ada Oklahoma lying between the west line of Townsend Avenue and the east line of Stockton Avenue and between Blocks Nos 76 and 80 of said city as shown by the plat thereof be and the same is hereby vacated closed and condemned

Section 2 That the Ada Cotton Oil Company be and the same is hereby given the exclusive right to use that portion of said 9th street here in condemned and sought and it is tempted to have been condemned as set out in the preamble hereof for the purpose of erecting and maintaining its seed houses warehouses and offices or for such other purposes as may be necessary for the proper conduct of its business Provided that said Ada Cotton Oil Company shall not sell any portion of said street so condemned and provided further that whenever said Ada Cotton Oil Company or its successors shall cease to exist or shall cease finally to operate its plant in said city then said portion of said street shall revert to the City of Ada Oklahoma

Section 3 That all Ordinances or parts of Ordinances of a similar nature herewith are hereby repealed

Section 4 That this Ordinance shall go into full force and effect from and after 30 days from its passage and approval and after its publication as required by law

Passed and approved this 10 day of May A D 1909

(Seal) L J LITTLE Mayor  
Attest W B JONES City Clerk  
(Published May 11 1909)

## MAY MODIFY ALL LAWS.

Interior Department Assistant Is Coming to Oklahoma.

Washington May 10—The department of the Interior is considering remodeling the oil pipe line regulations in Oklahoma to eliminate the feature which now provides that pipe lines shall be common carriers and shall own no production of oil themselves and which authorizes the secretary of the Interior to take charge of pipe line companies if they violate the regulations

This will result in a visit of assistant secretary Frank Pierce to Oklahoma Commissioner J George Wright of Muskogee as here in conference with secretary Bullinger

## Grand Jury Room.

The busiest looking place around the court house just now is the grand jury room. Crowds are omnipresent at the front door and witnesses seem to be in abundance. Just what they are doing is of course secret but their quarters have the air of business

## District Court.

After opening court yesterday morning Judge Rain disposed of a few minor matters then went into trial with the case of Barney Carney Indian charged with murder. The case is of eight or ten years standing and was just closed as we go to press the jury not having returned a verdict

It is the intention of Judge Rain to clean the docket in this district and he is commencing at the first. His object may not be accomplished at this term if not an other term will be held here at an early date

## Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. J. C. Cheney & Co. Toledo O.

Sold by Druggists 7c. Take Hall's Family Pills for constipation.

All kinds of legal blanks for sale at this office.

## CASH IS NEEDED.

State Officers to Decide on Special Session of Legislature.

Guthrie Okla May 10—There will probably be a conference of state officers the middle of the week to decide whether a special session of the legislature should be called to provide funds for the state board of public affairs and if not what plan should be pursued by the board for paying the expenses of the department until the next session of the legislature.

That the \$35,000 provided by the second legislature for the board for the next two years is utterly inadequate is now beginning to be realized. To it is delegated the purchasing powers of every state board officer and department. It must superintend the buying of all supplies of food for the insane asylum at Fort Supply pencils for the state university convict grub for the penitentiary books for the deaf school and so on endlessly. It must superintend the erection of the \$400,000 penitentiary at McAlester the \$200,000 insane asylum at Vinita the boys industrial school at Pauls Valley—Winnebond the girls industrial school at Chickasha the preparatory school at Claremore—three \$100,000 jobs the state reformatory at Granite the normal at Durant the normal at Ada the \$133,000 state school of mines at Wilburton and other important public buildings amounting to a total of over two million dollars in construction work alone. The board is burdened with the work of purchasing all material to be used in these jobs and all furniture for the completed institutions.
